

Dear Alberta Midwives,

This Tuesday, March 31, 2020 marked the first office day in which our CMA staff are working remotely. CMA is taking these steps to ensure the well-being of our employees, Council, Committees and the community. This decision is due to the COVID-19 pandemic and a matter of public health. For the near future, the CMA office will be virtual, with fully functioning services, and continued communication through phone, email, electronic files and everything else needed for a seamless transition to our remote environment. The CMA expects to operate well this way, continuing to meet the mandate of public protection.

What This Means for our Daily Interactions:

- The CMA office will be temporarily closed; see below for appropriate contact information.
- CMA mail box will be checked weekly
- Courier packages cannot be received at the office; please call to arrange delivery.
